

About EasternGraphics

Founded in 1995 from the TU Ilmenau as a two-man business, EasternGraphics GmbH has established itself with the brand pCon as a leading provider of software solutions for 3D room planning, visual product configuration and preparation of quotations. Well-known manufacturers and dealers in the interior industry worldwide use pCon applications for the efficient handling of planning and sales processes.

EasternGraphics employs a total of 150 people at its main location in Ilmenau, Germany, and branches in Italy, the Netherlands, France, Poland, Romania and Turkey.
